

Manager's Minute November 19, 2013

Thanks to all who represented LATA Kentucky in responding to the Emergency Operations Center callout Sunday afternoon following the tornado that struck PGDP. We had excellent response, especially considering bad weather conditions on a weekend. While the storm did not damage facilities that we manage for DOE, high winds caused minor damage to the DUF₆ facility, a switchyard, cooling tower, a nearby TVA transmission tower, and removed siding from C-333. Our team supported USEC in assessing potential impacts throughout the afternoon. Fortunately, there were no injuries and no environmental releases.

Helping Brookport

We will collect items Wednesday and Thursday to deliver to Brookport Friday to help our friends and neighbors. Items include hygiene products, cleaning supplies, cleanup tools (rakes, shovels, brooms, mops), water, nonperishable food, cold-weather clothing, and pet supplies. Drop-off locations are Kevil and 764-T2.

C-400 Update

Last week, warranty-related digital sensor replacement was completed in all 39 locations, and polishing carbon was removed. This week, new carbon will be placed, and the ERH system is operating on the day shift only. We plan to resume 24/7 operation by mid-December.

Holiday Activities

November 26—Thanksgiving baked goods and casserole auction at Kevil and C-764 for Angel Tree.

December 2—Angel Tree basket auction begins with baskets displayed at Kevil and 764. Contact Brandy Mitchell if you want to put together a basket.

December 15—Cookies with Santa! at Olivet Baptist Church (across from Chic-fil-A on U.S. 60) from 2-4 p.m. More details to come.

Have safe week.
